EDUCATION

ADGITM (Guru Gobind Singh Indraprastha University) | Delhi, India **2020 - 2024**
B.Tech - Information Technology CGPA: 8.9/10.0

Prince Public School | Delhi, India **2016 - 2020**
Class XII: 85% Class X: 9 CGPA

WORK EXPERIENCE

- **Yum! Brands — Frontend Developer Intern | Gurugram, India** **Oct 2023 - Apr 2024**
  - Contributed to the development of 4 dynamic dashboard components for data visualization.
  - Lead the implementation of React.js and Redux for frontend development, ensuring efficient state management.
  - Implemented RESTful APIs in Node.js and JavaScript for seamless frontend-backend communication.
  - Utilized Elasticsearch for efficient data indexing and querying.
  - **Tech Stack:** HTML, CSS, JavaScript, Reactjs, Redux, Nodejs, Elastic Search, Redis, GraphQL, Go

- **ByteLearn — Software Development Intern | Remote (India)** **Jun 2023 - Sept 2023**
  - Developed modules for user history, unit search, and weekly reward system using React-Redux architecture.
  - Created an extension integrating with platforms like IXL, providing step-by-step solutions to complex questions.
  - Proactively resolved bugs, adhered to design documents, and optimized application performance.
  - Collaborated with teams to ensure the creation of a cohesive and effective ByteLearn application.
  - **Tech Stack:** HTML, CSS, JavaScript, Reactjs, Redux, Nodejs,Typescript, Storybook

- **Achintya Solutions — Web Development Intern | Remote (India)** **May 2023 - Jun 2023**
  - Contributed to website development using HTML, Tailwind CSS, JavaScript, React.js, MongoDB, and Node.js.
  - Assisted in deployment and maintenance for optimal performance and user experience.
  - **Tech Stack:** HTML, Tailwind CSS, JavaScript, React.js, MongoDB, Node.js.

- **Magnimus — React Development Intern | Remote (India)** **May 2023 - Jun 2023**
  - Collaborated on the design and development of a health dashboard using HTML, CSS, JavaScript, React.js.
  - Led the initiative to enhance the company's health dashboard, implementing UI changes and enhancements under the guidance of Dr. Ashish Sahani, (Professor at IIT Ropar).
  - **Tech Stack:** HTML, CSS, JavaScript, React.js, Redux.

- **Raahee — Flutter Development Intern | Remote (India)** **Mar 2022 - May 2022**
  - Developed interactive UI for Flutter mobile app, integrating real-time data exchange APIs.
  - Demonstrated problem-solving skills for high-quality application delivery.

PROJECTS

- **Swizo** **Apr 2023**
  - Developed a dynamic e-commerce platform for food items, inspired by popular food delivery services.
  - Utilized Swiggy's restaurant API and menu API to showcase restaurant menus to users, providing a seamless browsing experience.
  - Implemented with React and Redux for efficient state management, ensuring smooth interactions and real-time updates.
  - **Tech Stack:** HTML, TailWind CSS, JavaScript, React.js, Redux

- **GithubFinder** **Mar 2023**
  - Integrated GitHub API to fetch and display detailed information about users, including their followers, following, public repositories, and contribution activity.
  - Designed a user-friendly search feature that allows users to easily find GitHub users by entering their usernames.
  - **Tech Stack:** HTML, TailWind CSS, JavaScript, React.js, Redux

ACHIEVEMENTS

- **LinkedIn Coach[in] Mentee 3.0 (LinkedIn)**: Among selected **60 girls** across India.
- Mentee for **Microsoft Intern Engage 2022**.
- Global Rank **97** Credit Suisse **Global Coding Challenge '22**
- Women Techmaker Engineering Fellow Scholar'21 (Google & TalentSprint)
- **LeetCode:** 1665 pt (600+ problems) **CodeChef:** 1613 **Codeforces:** 1053

SKILLS

- **Languages**: C++, HTML, CSS, JavaScript,Dart
- **Frameworks**: React.Js, Redux, Flutter
- **Backend**: Node.js,Express, Firebase, MongoDB, MySQL
